

VIT's Waterbury site is Unavailable

VIT's Waterbury site, located at the State Office Complex, was flooded by Tropical Storm Irene. Unfortunately, the flood damage was extensive and the future of the State Office Complex is uncertain at this time. As a result, the future of VIT's Waterbury site is also unknown. VIT cannot offer a Waterbury site until further notice. Please remember that we have a Montpelier site not far away. If you absolutely require a Waterbury videoconferencing presence, we could potentially deploy one of our mobile systems. Please contact VIT's central office at 728.1695 or khelgason@vitlink.org for more information. Thank you for your understanding and patience.
